TAYLERSON'S

MALMESBURY SYRUPS

Late Summer 2008

WE WON GOLD!

Amaretto flavoured syrup struck Gold in the Great Taste Awards. Delight is the word being used at TAYLERSON'S, especially after also being a finalist in the Cotswold Life Food & Drink Awards. So, we will be celebrating with a cup of coffee flavoured with Amaretto syrup! The Awards are run by The Guild of Fine Foods and represent a real achievement.

John Taylerson commented *"After 16 months of starting the business to win a 2 star Gold in such a competition is great, but the work goes on with new flavours and formats."*

We have just launched the much awaited natural Ginger flavour and anticipate it will be just as popular".

New Flavour—natural Ginger Launched

It's here, and we sold out the first weekend we went to support one of our outlets.

The Ginger has natural flavour and colouring making it look a little like traditional lemonade, being slightly cloudy.

Great in coffee but also just perfect for your Chinese meal recipes and ideal on melon. Make sure you order

Available from these wholesalers
